

Inventivo Library License Agreement v.1.0

1 Definitions

This agreement defines the licensing terms for the software library which you have received access to (the Licensed Software). The parties involved in this License Agreement are Inventivo GmbH ("Inventivo", "Licensor") and the Licensee (You). The Licensed Software is delivered with a manual which describes the programming features and their usage (the Documentation).

2 Developer License

You are granted the non-transferable, non-exclusive right to use the Licensed Software on a single computer for the purpose of designing and developing an application that incorporates the Licensed Software.

You may move the Licensed Software from one computer to another, but you may not have the Licensed Software resident on more than one computer unless You have paid a license for each additional computer. You may use the Licensed Software for the purpose of developing Your own software applications, in accordance with the terms of Paragraph 3, below. A copy of the Licensed Software may be made for archival or backup purposes as long as it contains all the original Licensed Software proprietary notices. You may not sublicense, rent, distribute, lease or otherwise transfer or assign any or all of Your rights in the Licensed Software. You may use the Licensed Software solely in its original form, and may not change, alter or modify the Licensed Software, translate, reverse assemble, reverse compile, disassemble, or in any way reverse engineer the Licensed Software.

This license does not grant You any right to bug, fixes, enhancements, updates or new versions, but if such are made available to and are obtained by You, then they shall become part of the Licensed Software and governed by the terms of this License.

Inventivo GmbH reserves all rights not expressly granted to You in this License.

3 Redistribution License

Your rights to create and distribute Your own applications that use the Licensed Software as a runtime component differ based on the designation of the product licensing option You have purchased:

3.1 ROYALTY-FREE LICENSES

If the product option You have purchased is marked as a "ROYALTY-FREE" license the following terms apply:

You may freely distribute Your own applications, or - in the case Your product option is marked "SINGLE APPLICATION LICENSE" (Paragraph 3.4) - a single application, that use Licensed Software as a runtime component ("Applications") without payment to Inventivo GmbH, if and only if the Licensed Software is not marked as a Free Trial, Evaluation, Beta, Demo Version (Paragraph 3.5) or "DEVELOPER LICENSE" (Paragraph 2), and the Applications: (a) contain no modifications to the Licensed Software (including alterations to the original proprietary notices); and (b) are in compiled, executable form; and (c) do not provide substantially the same functionality as the Licensed Software or have as one of their purposes to build other software that would

compete with the Licensed Software; and (d) do not reproduce or distribute any portion of the documentation for the Licensed Software or document the Application(s) in a manner that identifies the programmatic interface to the callable routines in the Licensed Software; and (e) are subject to a license agreement that (i) limits Application end-users use of the Licensed Software to a run-time component, (ii) restricts the Application end-user from changing, altering or modifying the Licensed Software, creating derivative works, translations, reverse assembling, reverse compiling, disassembling, or in any way reverse engineering the Licensed Software, and (iii) prevents the Application end-user from sublicensing, renting, distributing, leasing or otherwise transferring or assigning any portion of the Licensed Software. Other than as specifically permitted in this Paragraph 3, You may not create any derivative works of the Licensed Software.

3.2 SITE LICENSES

If the product option You have purchased is marked as a "SITE LICENSE", the following terms apply: You may create applications that use the Licensed Software as a runtime component ("Applications") and freely distribute such applications within the limits of a Physical Address (Building) hosting one company or other business entity (the "SITE"). All other distribution conditions specified in Paragraph 3(a) also apply in this case.

3.3 ENTERPRISE LICENSES

If the product option You have purchased is marked as an "ENTERPRISE LICENSE", the following terms apply: You may create applications that use the Licensed Software as a runtime component ("Applications") and freely distribute such applications within the limits of one company or other business entity (the "ENTERPRISE"). All other distribution conditions specified in Paragraph 3(a) also apply in this case.

3.4 SINGLE APPLICATION LICENSE

If the product option You have purchased is marked as a "SINGLE APPLICATION LICENSE", the following terms apply: You may create a single software application that uses the Licensed Software as a runtime component and freely distribute this application. All other distribution conditions specified in Paragraph 3(a) also apply in this case.

3.5 TRIAL, EVALUATION OR TEST LICENSES

If the product You have downloaded or otherwise obtained is marked as "TRIAL SOFTWARE", "DEMO SOFTWARE", "BETA SOFTWARE", or "EVALUATION COPY" or similar, the following terms apply: You may install one copy of the Licensed Software for development of testing purposes for a period of 30 calendar days from the date of download ("Evaluation Time"). Upon expiration of the Evaluation Time, the Licensed Software must be erased from the computer it was installed on and all copies destroyed. Under no circumstances should Trial Software be used for commercial purposes. Trial and Test Software may contain mechanisms that inhibit its ability to function at a later date. It is Your responsibility to ensure that any Applications You create do not contain Trial Software and their ability to function at a later date is not inhibited or diminished.

4 Delivery

The Licensed Software and Documentation are delivered in digital format only. You agree to retrieve the Licensed Software and Documentation, as well as any relevant maintenance updates from Inventivio's Web site at www.inventivio.com. Neither digital storage media nor printed Documentation will be delivered to You by Inventivio GmbH.

5 Term

This License shall be perpetual unless You fail to observe any of its terms, in which case it shall terminate immediately, and without additional prior notice, provided, however, that copies of the run-time component of the Licensed Software that are part of the Applications licensed to third parties may be retained by such licensed third parties in accordance with this Agreement. Upon termination or expiration of this Agreement, (a) You will cease any and all use of the Software and Services; (b) destroy all originals and copies of the Software in Your possession or under Your control, (c) You will remove the Software from all hard drives, networks, and other storage media and (d) You shall not access such media for the purpose of recovering any of the Licensed Software from any copies that may exist with respect to media containing regular backups of Your computer or computer system. The terms of Paragraphs 6.1, 7.4 and 9 shall survive termination of this Agreement.

6 Restrictions

6.1 Intellectual Property

You acknowledge that the Licensed Software is copyrighted intellectual property of Inventivio GmbH, and that Inventivio GmbH retains exclusive ownership of the Licensed Software and Documentation, subject however to all terms and conditions of this agreement.

It is expressly agreed that this License does not include ownership of the Licensed Software's source code, but only the right-to-use as defined by this agreement.

You further acknowledges that the Licensed Software, including the code, logic and structure of the Licensed Software, contain valuable trade secrets belonging to Inventivio GmbH. You agree to secure and protect the Licensed Software consistent with the maintenance of Inventivio GmbH's rights in the Licensed Software, as set forth in this License.

6.2 Excluded Activities

The Licensed Software is not intended or licensed for use in any hazardous or high risk activity.

7 Warranties

The warranties associated with the Licensed Software differ based on the designation of the product licensing option You have purchased:

7.1 No warranties for the trial, beta and evaluation licenses

If the product option You have downloaded or obtained otherwise is marked as a "TRIAL SOFTWARE" or "EVALUATION COPY" or "BETA SOFTWARE" or similar the following terms apply:

The Software and Documentation are provided as is without warranty of any kind.

7.2 Limited warranty for fee-based licenses

If the product option You purchased from Inventivio or its authorized distributors is designated "ROYALTY-FREE" license, "SITE LICENSE", "ENTERPRISE LICENSE" or "SINGLE APPLICATION LICENSE", the following terms apply:

Inventivio GmbH warrants that the Software substantially conforms to its specifications in the

Documentation. This warranty does not cover the use of the Licensed Software in ways which are not covered in the Documentation (e.g. by calling undocumented functions, or by not obeying documented restrictions).

Inventivio GmbH warrants that it is owner of the Licensed Software with authority to license the Licensed Software to You, and that the Licensed Software does not infringe third party intellectual property rights. Inventivio GmbH agrees to indemnify, defend and hold harmless licensee from any claims either that Inventivio GmbH does not own the Licensed Software, or that the Licensed Software infringes a third party's intellectual property rights.

In the event the unmodified Licensed Software fails to satisfy this limited warranty during a warranty period of 30 days after the effective date of this agreement, Inventivio GmbH shall promptly, at its expense and in its discretion, (i) provide a correction or workaround for any reproducible errors which are reported by You, and deliver an updated version of the Licensed Software, or (ii) return a refund of any license fees paid pursuant to this agreement. In this event You will immediately terminate any use and distribution of the Licensed Software.

Technical support as described above is available by e-mail only. Maintenance updates of the Licensed Software do not extend the initial warranty period.

7.3 Non-Inventivio Products

Inventivio GmbH does not warrant non-Inventivio products that may be included in the Licensed Software. Any such products are provided on an "as-is" basis. Any warranty service for non-Inventivio products may be provided by the product manufacturer in accordance with any applicable manufacturer's warranty.

7.4 Limitations and Disclaimer

Except for breach of Inventivio GmbH's warranties of ownership of the Licensed Software and non-infringement of third party intellectual property, the foregoing states the sole and exclusive remedies for Inventivio GmbH's breach of warranty. The foregoing warranties are in place of all other warranties or conditions, express or implied, and any implied warranty or condition of fitness for a particular purpose, merchantability, or merchantable quality. No person is authorized to make any other warranty or representation concerning the performance of the Licensed Software other than according to this paragraph. Licensee shall make no other warranty, express or implied, on behalf of Inventivio GmbH.

8 Third Party Software

The Software may contain third party software and/or content which requires notices and/or additional terms and conditions. Such required third party software notices and/or additional terms and conditions are located at <http://www.inventivio.com/licenses/notices.html> and are made a part of and incorporated by reference into this License Agreement. By accepting this License Agreement, You are also accepting the additional terms and conditions, if any, set forth therein.

9 Consequential Damage Waiver

Neither party will be liable for any loss of use, interruption of business, or any indirect, special, incidental, or consequential damages of any kind (including lost profits), regardless of the form of action whether in contract, tort (including negligence), strict product liability or otherwise.

10 Official Language

The official text of this Agreement is in the English language and any interpretation or construction of this Agreement will be based thereon. In the event that this Agreement or any documents or notices related to it are translated into any other language, the English language version will control.

11 Applicable Law

This license is governed by the laws of Germany, excluding choice of law rules. If any part of this license is found to be in conflict with the law, that part shall be interpreted in its broadest meaning consistent with the law, and no other parts of the license shall be affected.

12 Final Agreement

This agreement constitutes the complete, final and exclusive expression of the parties' agreement, and supersedes all proposals and other communications made between the parties concerning the subject matter hereof. This agreement cannot be modified except by written agreement signed by all the parties hereto.
